

KLOVE is an important aspect of my life. I daily listen to KLOVE. I don't know what my day or life would be like without KLOVE. I only listen to Christian music and KLOVE provides me with that type of music. It is difficult to find a station like KLOVE with its type of music and message it sends out. If I lose my KLOVE, I'll just turn off my radio and start listening to CD's. As a voting, Taxpayer, I want my voice heard. Keep KLOVE and the stations like it on the air. I pray that the FCC doesn't change the way radio frequencies are handed out. DO the right thing, and keep stations like KLOVE on the air. I really enjoy hearing from people around the US, and on KLOVE you get DeeJays and people calling in from all over the US. KLOVE is the only station I listen to, and I pray I can keep on listening to it.
Thanks for Keeping KLOVE on the air,
Amy White
